Coming Events and Soaring Competitions August - September 2013

- Tuesday Aug 6. HSS monthly meeting, Round Table Pizza, 11095 Warner Ave. General meeting, 7 PM. See P.4.
- Saturday Aug 17. National Model Aviation Day. Fun Fly at OCMA Black Starr field in Irvine. HSS participation details to be announced.
- Sunday Aug 18. Eighth 2013 SC2 soaring competition. Hosted by ISS at Riverside. See notes on P.15, or web site <http://sc2soaring.com>.
- Tuesday Sept 3. HSS monthly meeting, Round Table Pizza, 11095 Warner Ave. General meeting, 7 PM. See P.4.
- Sunday Sept. 15. Ninth 2013 SC2 soaring competition. Hosted by VVRC, Victorville. See notes on P.10, or web site <http://sc2soaring.com>

General Meeting Minutes for July 2, 2013

1. Business and General Session:

Meeting was held at Round Table Pizza in Fountain Valley, and was called to order at 7:00 p.m. by General Director Henry Smith III. Other officers in attendance were Vice President Jesse Calleros, Newsletter Editor Fred Hesse, Club Photographer Rob Askegaard, Jim Hansen, and Secretary Ted Broberg, as well as Ross Thomas, Richard Baxter, John Rittenhouse, Jeff Greene, Joni Whitsitt, Randy Wilbur, Mike Fox, Roger Nahas, and William Vincent II.

A. HENRY: there are many issues we need to handle. Fred Hesse posted his agenda:

1. UCI's Design/Build/Fly team came to our meeting tonight. See PROGRAM, below.
2. Club projector: Jesse got an EPSON.
3. We need some support for HSS hosting of 21 July SC2 soaring competition. (Jim Sonnenmeier CD). SWSA's field, in IRWINDALE, near 605 and 210. Help needed! See any of our glider folks.
4. AIAA, The American Institute of Aeronautics and Astronautics: Fred will be making a presentation to them 6:30 Tuesday, July 9 at Boeing, Huntington Beach. Contact Fred if you wish to attend. Pass required. Get on attendance list.
5. Fourth of July Vets' Day: We'll have intro trainer planes for the Vets' Club of OCC. 8:00 a.m. John Anderson and Ted B., plus maybe Henry III, who has a parade commitment.
6. National Model Aviation Day – 17 August; Saturday. HSS will join OCMA at Black Star. Fun Fly, Charitable event for Semper Fi organization., who help returned Marines. Possible activities listed on P. 8 of March newsletter. Fred: AMA is trying to promote model aviation, and is asking all clubs to have some sort of event to boost our hobby. He suggests that we put on an air show. We have several really good helicopter pilots, and we have many stunt/3D fliers who could put on a good show. Ducted fans would add a dimension. And our sailplane launching system is spectacular. Aero tow would add to it. Discus-launched gliders would be fantastic. FPV (First Person View) is something to consider. Free flying lessons could be available. Randy Wilbur. Raffle. AMA card needed to fly. Charity event to help injured soldiers. \$20 donation.
-- We'll need an email blast to alert our members.
7. Henry got a list of AMA members in our area (Central Orange County): 360. We need to reach them with a P R notice, telling of the issues facing our club. We need as many people as we can to help us in our efforts. He wants a flyer assembled, asking for their help. Joni suggests we contact them through their email addresses, with a survey that tells what it's about, and a form to indicate their interests and support. John A. mentioned that he heard from Karl Hawley, who said our archives should have documents of the ORIGINAL ARRANGEMENT BETWEEN HSS AND THE CITY. Judy Gielow (sic) may have that in her files.
8. John also suggests contacting the OCME (Orange County Model Engineers), to plan some joint HSS and OCME events, to gather signatures of the people who would support us before the City Council and Fairview Park Citizen's Advisory Committee.
9. Henry suggests that the club provide a landing mat for the helicopter group, to keep down the dust.
10. Fred has 100 new tri-fold brochures for us to present at the Orange County Fair this summer.
11. Joni Whitsitt is taking names for volunteers for Orange County Fair, July 19, 20, 21: Home and Arts building. She sent a clipboard around for sign-ups, and will have her list at each meeting until the Fair.
12. John A. showed an example of a simple stick-and-paper airplane design that we could hand out at our field, with our logo and information on it.

2. Program: Team from UCI who won the DESIGN/BUILD/FLY contest this past year. John Chen, pasty project manager; 'AR 1': Paul Purcell present project manager.. Held in Tucson; 80 teams entered from around the world. College students with faculty advisors. Rules included 1.5 pound limit for the battery; 20 Amp fuse, NiCd batteries. Theme: Rockets. Three missions. Time/payload/ number of laps per time considerations. The rockets that made up the payload had to fit inside the airfoil, and under the wing. Course included two 180 degree turns, with a 360 turn on one leg. Their presentation included several graphs and formulae that they produced. Their team was about 30 people, the largest team in the competition this year. They cleared tech inspection on their first check. Each of the three missions has a weighted value, with payload missions counting more than the first mission, number of laps completed per time limit.. Their email address is lsng@uci.edu.

General Meeting Minutes for July 2, 2013 (Continued)

Amendment to meeting minutes:

HSS **IS planning** a RES/Woody sailplane contest for August this year. The CD will be Erv Szego with help from Bruce Schaeffer and the other glider fliers. (Erv can you forward the Saturday date you decided on?)

The club will have to shut down the runway for that Saturday. The only things that need to be done are a park permit needs to be filed for. A flier is being is being formulated that can be posted on the website and in the next newsletter. and Trophies will be obtained. The glider guys will organize the launch equipment the day of the contest. Contact Erv if there are any other questions.

3. Raffle.

The donor, prize, and winner are shown below.

--Hobby People:	Battery charging bag.	WILLIAM VINCENT III
--Hobby People	TAZR battery charger	HENRY SMITH III
--Glen/Robbie Robinson	EXTRA 300 model	ROGER NAHAS
-- Robinson's	SR 117 Stealth & transmitter	JOHN ANDERSON
-- Jesse Calleros:	Video:	MIKE FOX
-- Jesse Calleros:	Video:	TED BROBERG

-- Meeting adjourned at 8:40 P.M. Respectfully submitted, Ted Broberg, Secretary

2013 HSS Membership

Our 2013 HSS membership enrollment season is in full swing. A membership application is included in the last pages of this newsletter. These can be mailed in to our post office box shown on the last page, or given to a club officer. Alternately, HSS and AMA membership applications can be obtained from any club officer, or available on our club web site at www.1hss.org. Applicants must be members of the AMA prior to joining HSS. AMA Membership applications can also be obtained at the AMA web site www.modelaircraft.org, download document No. 902 from the publications page. Or you can apply on line. If you renew your AMA membership online, be sure to print the receipt that they provide as proof that you paid. And, don't forget your City of Costa Mesa Flying Permit. Details are shown on page 10 of this newsletter.

Celebrate the First Annual National Model Aviation Day

This article was distributed in the AMA's electronic newsletter. It is a great idea for a club activity. We could plan an air show with content similar to what was proposed for the Fairview Park Fish Fry.

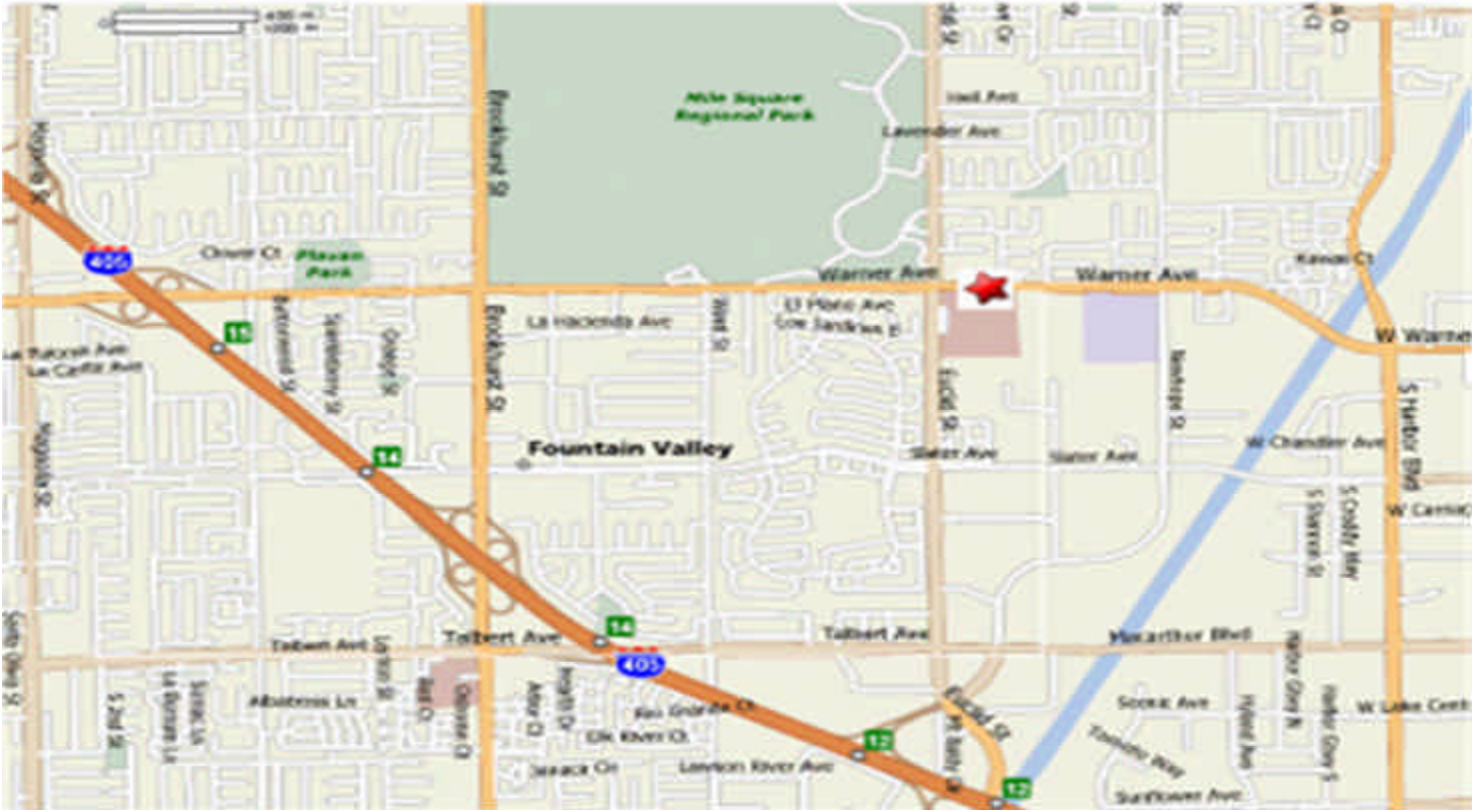

To celebrate the storied history of model aviation, AMA chartered clubs are encouraged to take part in the first annual National Model Aviation Day on August 17, 2013. National Model Aviation Day will be a great opportunity to introduce model aviation to your friends and families. For this inaugural year, we're asking that clubs who host an event do so in support of the [Wounded Warrior Project](http://www.woundedwarriorproject.org). Wounded Warrior's mission is to raise awareness and enlist the public's aid for the needs of injured members of the US Military and to provide programs and services to help support our country's injured heroes. Register your club today to gain access to the club resources page-developed to provide clubs with inspirational ideas for making your event a success. Thank you to the clubs that have already registered to support the special day and for helping AMA promote model aviation.

Editor's note: As mentioned in the June 4th general meeting minutes, it was proposed that HSS join the activities of Scale Squadron planned by Randy Wilbur at the OCMA flying field at Black Starr. The HSS executive committee will put together a plan, and announce it at the August 6th general meeting.

General Meeting Announcement For August 6, 2013

General meetings will maintain our regular schedule with the next meeting on the first Tuesday, August 6th at Round Table Pizza, 11095 Warner Ave. & Euclid (North-east corner) in Fountain Valley. Phone number is (714) 839-0276. The Family Night rate is all-you can-eat pizza, plus one salad bar, for \$6.99. Fountain drinks are an additional \$1.99, self-service, or \$2.99 per liter. Beer and wine are available. Time will be allowed for show-and-tell of your favorite plane. Bring your wife, family, friends, etc. There will be a raffle. The location is shown in the map below.

Be a Concerned Enthusiast – Support the AMA

As discussed in the April 2012 issue of Model Aviation (the AMA publication sent to all AMA members), the federal government has passed the FAA Modernization and Reform Act of 2012, which includes Sec. 336 Special Rule For Model Aircraft. This law prevents the FAA from passing any rule that controls model aircraft being flown under the AMA safety code. The details appear on pages 14 and 15 of the April 2012 issue of Model Aviation. This Act resulted in part by the 90,000+ letters written by AMA members to their representatives.

The AMA will shortly be facing a new FAA regulation called the "small Unmanned Aircraft Systems" (sUAS) rule. In the next several months the FAA will post the preliminary regulation for public review. At this time the AMA will initiate a concerned citizens organization made up of AMA members to express their opinions of the preliminary regulation. To do this rapidly, the AMA will again contact all members by E-mail with instructions on comments and congressional contacts, which means the AMA needs everyone's current E-mail address. If you are not presently receiving occasional E-mail from the AMA, please go to www.modelaircraft.org and update your personal information. It is important for all of us to actively support the AMA especially in this endeavor.

Raffle Prizes for August Meeting

Ted Broberg has arranged for three spectacular raffle prizes for the August meeting. These are donations from Glen and Robbie Robison. Below left is a Sky Angel Mini MIG-15 "Ready to Fly" kit. Below right is a 117" RES glider, and bottom is a 129" scale sailplane. It is a Calvo HP-14, with a glass fuselage and aileron, rudder, elevator, and spoiler controls.

Club Photographer

Our club photographer, Rob Askegaard, was recently diagnosed with liver cancer. Several weeks ago, Rob underwent surgery and is presently recovering. Apparently the surgery was successful, and Rob is feeling pretty sassy, but he is not really up and around yet. His oncologist has completed his assessment, and Rob will not need chemotherapy treatments, presently. It was little over a year ago that Rob had a similar problem, but he came out of it with flying colors. Rob has one of the best attitudes about this kind of problem. It is admirable to see his really great spirit under these conditions. Rob can be contacted by phone at 714-968-1973, or by E-mail at maskegrd@gmail.com. We are looking forward to seeing his full recovery, as Rob's contributions as our photographer are sorely missed.

AMA District X Website

AMA District X Vice President Lawrence Tougas wants to invite AMA members from all districts to enjoy District X's new website. "We have a lot of great articles in our blog, plenty of pictures in our photo albums, and a spot where you can learn more about our associate vice presidents and myself," says Lawrence, District VP. All of the information is at www.ama10.org. Why not consider helping your district with its website.

Plane of the Month

Our feature model of the month belongs to Michael Fetyko, shown at right.

It is a WACO YMF-5, a Great Planes ARF with a 72" wingspan. The plane is gorgeous, with loads of scale detail like flying wires, cockpit windshields, struts, and simulated fuel lines.

Photos are by Rob Askegaard, who fell in love with this beautiful plane.

Unfortunately, there was some technical problems, and the plane has since crashed. Thanks, Rob.

Student Training Report

We are most fortunate to have received a report from Ted Broberg covering some of the club's training program. This is supplemented by a photo taken by Rob Askegaard. Ted's comments follow.

Nice photo. I can't recall the students' names, but I have that plane. It's one of the SUPER CUBS, and it was donated to me several years ago by Ralph Chamberlin (sic). I used it for a second trainer, between EASY STAR/SUPERFLY/RADIAN-type hand-launch power-glidern and more serious power planes. I also used it as a "carrot" to get Bruce "Taz" Ellyson (Korean war veteran) to jump through some hoops. He could have it, if and only if he'd get his AMA license, get a Park Permit, and make ten good take-offs and landings. He did so, and since has bought his own air force. A few months back, he returned the CUB to me with new wings, and it's ready to go again.

My plan for it is to make it part of a package to be donated to the OCC Veterans' Club, if John and I ever get a few "regulars" into the sport. So far, four people from that group have taken intro lessons. One, Jimmy Anderson (not shown), has done two Saturday classes with me. He brought his "soon-to-be stepson," age 16, last week, and both did well. Each of them did lessons with John Krug on a glider that day as well. Along with the SUPERCUB, I plan to present that Airtronics transmitter donated to the club by Hobby People, 2.5 years ago. It comes with a charger, battery, etc. I'd like to have some HSS officers and members take part in a presentation -- and photo session-- at some as-yet-unscheduled event. Gotta have some RobPhotos of this! (Jimmy is my candidate to be in charge of the gear, given that his skills build to the point that he can fly it independently, and has his AMA and Park tickets.) More on this as it develops. Ted B.

Orange County Fair

Joni Whitsitt invited HSS members to assist in manning her booth at the Orange County Fair on July 19, 20, and 21. Ted Broberg took these photos and provided the following report.

Here are some shots from our booth today. Mike Fox, Hank Smith, Jesse, Calleros, John Anderson, and Ted B. did the instructions.

The focus was to get people to hold a transmitter and connect with an R/C plane, rather than to teach skills.

We got a lot of "Cool!" or "Wow!" comments, and gave out many tri-fold brochures to those who ran the simulator.

Let's hope some folks show up at the field. Ted B.

Orange County Fair (Continued)

Joni Whitsitt has managed her booth at the Orange County Fair for about 14 years in the name of Scale Squadron of Southern California. It is only in the last several years that HSS members have assisted. This page shows photos taken by Joni. They include Ted Broberg with his "Flyer on a wire", John Rittenhouse, Henry Smith IV, and Mike Fox, all involved with guests that stopped by the booth. Not shown, Roger Nahas.

Many thanks to Joni for organizing this public service effort, and providing the photos. - Ed

2013 City Flying Permits Available Now

Robert Staples has sent us the announcement (below) stating that City Flying Permits for 2013 are available now for the new price of \$25 per year. Remember to bring your new AMA license. Note that renewal by mail is now allowed. Submit application (available on line), copy of AMA license, and payment.

RENEWAL NOTICE:

The City of Costa Mesa will be accepting renewals for the 2013 Flying Permits beginning about October 20, 2012, at the following locations:

Costa Mesa City Hall (77 Fair Drive, Costa Mesa 92626) – 3rd floor Recreation Counter, during regular business hours from 8:00am – 4:30pm (excluding City observed holidays). Call 714-754-5300 for details.

Temporary permits are issued at the Downtown Recreation Center (1869 Anaheim Avenue, Costa Mesa 92627) between the hours of 10:00am – 1:00pm on Saturdays. For information, call 714-327-7560.

Joyce M. Santos Administrative Secretary - City of Costa Mesa - Recreation Division
77 Fair Drive, Costa Mesa 92626 Phone: 714-754-5009 Fax: 714-754-5166

Note that to fly at Fairview Park you need the above permit, liability insurance (preferably AMA), and you need to follow City of Costa Mesa Ordinance No. 07-01, City Regulations for Issuance, Suspension and Revocation of Permits to Fly at Fairview Park, Academy of Model Aeronautics Safety Code, and the Fairview Park Flying Field Rules which are all posted at Fairview Park and on our web site at www.1hss.org. You do not need to be a Harbor Soaring Society member (but it is good to have you join us).

SC2 Competition Schedule for 2013

Here is the schedule for your Southern California Soaring Clubs (SC2) monthly contests for 2013. Check the SC2 web site at <http://sc2soaring.com/> for further details and competition results. Check individual club web sites for directions to their flying field.

2013 Contest Schedule

March 17, 2013 Hosted by VVRC

April 21, 2013 Hosted by TPG

May 19, 2013 Hosted by TOSS

June 15-16, 2013 Hosted by SULA (2-day MOM)

July 21, 2013 Hosted by HSS at SWSA

August 18, 2013 Hosted by ISS

September 15, 2013 Hosted by VVRC

October 27, 2013 Hosted by DSH at TPG

Plane Rap Classified Ads and Services - For Sale

This area of the newsletter is free to club members to sell planes, related equipment, and services. Contact Fred Hesse at fhesse@socal.rr.com with any material that you wish to insert here.

Custom laser cutting services are now provided by GDH Planes, in addition to manufacturing kits. With the currently weak Canadian dollar (we are a Canadian company), it is a great time to use our services and take advantage of the exchange rates, adding to our already reasonable rates (US\$1 is currently equal to about \$1.157 Canadian). Should any of your members require this service, please have them visit our web site at www.gdhplanes.com or email us at LaserCutting@gdhconsulting.ca.

Regards, Glen Harbottle President GDH Consulting Corp. Tel: 905-668-2326 glenh@gdhconsulting.ca

HSS Sponsors

The following companies are the proud sponsors of Harbor Soaring Society. They give us special offers, and make contributions to our Adopt-A-School program. In return, please support them, and mention that you saw them advertised in the HSS Plane Rap newsletter.

My interests in radio control flying include (Check all that apply including future interests):

Thermal Duration Gliders _____	Slope Soaring Gliders _____	RES Gliders _____
Large Scale Gliders _____	Hand Launched Gliders _____	Electric Motor Gliders _____
Park Flyer Electric Planes _____	Acrobatic Electric Planes _____	Scale Electric Planes _____
Electric Pylon Racing _____	Indoor Electric Planes _____	Electric Helicopters _____

New applicants making application between November 1st and December 31st will pay the annual rate indicated above and such dues will make the new member paid in full from November 1st through the following year. A signature is required from all Harbor Soaring Society members, and applicants, agreeing to comply with the current AMA Safety Code and the current HSS General Field rules and Field Safety Rules. Note that a City of Costa Mesa permit is required to fly at Fairview Park. Obtain this from the Costa Mesa Parks and Recreation Department. Cost is \$25.

The undersigned attests that: I will operate my model using only radio control frequencies currently allowed by the FCC. Further, any transmitter that I use at any designated HSS flying field must be manufactured to meet the AMA/FCC specifications for model aviation. I understand that my failure to comply with the above restrictions will result in nullification of liability coverage for damages caused or claimed.
